

A Tiny Home For Good Ministry

On June 18, 2025, St. Paul's Church entered a new chapter of ministry by signing a lease with A Tiny Home for Good. A Tiny Home for Good is a nonprofit providing safe and dignified housing for people transitioning out of the shelter system. Their mission to offer stability, support, and hope to those at risk of homelessness resonates deeply with our call to follow Jesus in serving the most vulnerable among us.

Through this partnership, St. Paul's has given full, free use of the second floor of our Parish House for A Tiny Home for Good to build apartments for ten senior men at risk of homelessness. This agreement strengthens our shared commitment to living out Christ's love in practical, compassionate ways.

Since the signing, our relationship has continued to grow. Shared meals, conversations, and fellowship have begun weaving our communities together. We look forward to welcoming our new neighbors within the next year!

a tiny home
for good.
